

Ergotron StyleView[®] and Philips ProScribe

Wireless Access to Patient Data and Recharge on the Go

Dock and roll!

The Philips ProScribe is the ideal mobile point of care thin-client tablet-PC for physicians and nurses wishing to access electronic patient data at the bedside. And when combined with an Ergotron StyleView Cart, it allows you to use your ProScribe at the point-of-need while keeping your hands free for care-giving activities. This unique configuration also enables you to grab the ProScribe out of its docking station and operate it with its stylus pen while walking from patient to patient.

- Instant, portable and secure access to patient data at the point-of-care
- Recharge while you work—up to 14 hours of power autonomy
- Mobility plus hands-free care-giving
- Full keyboard and mouse interface for extensive charting
- Ergonomic positioning of Proscribe increases comfort and productivity
- Sit or stand while accessing data
- Grab and go docking station—take the ProScribe out whenever needed

Included in this Bundled Solution:

ProScribe Mobile Point of Care unit

WT121XES

The ProScribe WT121 mobile point of care thin-client tablet-PC is light weighted (1,75 kg), IP53 compliant, silent, drop proof (1 m.) and features a 12.1" XGA touch-screen, Windows XP embedded, 1GHz processor, 1GB flash memory, built-in WLAN b/g, smart card reader and multiple I/O ports behind protective rubber covers.

ProScribe Docking Station

WD121

The WD121 grab & go docking station features 3 USB ports to connect a keyboard, a mouse and other peripherals when the ProScribe is being charged. Its AC adapter is plugged to the long-life power station of the cart.

ProScribe VESA Mounting Adapter

WH121VD

The WH121VD VESA adapter is equipped with a 75 x 75 mm mounting hole pattern to fix the ProScribe WD121 docking station to the Ergotron SV cart. Small nipples at the back allow the user to secure the ProScribe in its dock when pushing the cart.

StyleView® LCD Cart, powered

SV 22-22014

Ergonomically designed for nurses and deliberately engineered for IT professionals, StyleView delivers more than compact, mobile data entry to the point-of-care.

- StyleLink software provides history to assist with effective power management and troubleshooting.
- Automatic Transfer Switch (ATS) allows on-the-go recharging, resulting in uninterrupted use—no need to shut down the computer.
- Three hospital-grade AC outlets allow hardware selection flexibility.
- 20-inch height adjustment for comfortable data entry sitting or standing.
- CF motion technology provides fluid, one-touch height adjustment.

Includes: Retractable cord reel, 3 AC outlets, remote user interface (RUI), StyleLink software, CPU holder, scanner holder, full-size keyboard tray, left/right mouse tray, wrist rest, mouse pouch, cable management, riser lock, four dual casters, front/rear handle, storage basket

Combined Solution Price from CPC:

€ 3275.00
