

Built Smart and Tough

for education

Transform any space into a media center

- 20" height adjustment with 20° tilt accommodates seated or standing audiences—large or small
- Rolls through normal-sized doorways—lock it up at night
- Don't let the good looks fool you—rugged construction withstands the punishment of everyday use

More motion. Less effort. **Feel the difference.**

Ergotron Part # **24-173-194**
for 60–90 lbs display
24-176-194
for 90–130 lbs display

Product Weight: 85 lbs (38.6 kg)

Shipping Dimensions: 66.1" x 19.8" x 13.9" (1680 x 503 x 335 mm)

Shipping Weight: 114 lbs (51.7 kg)

Some assembly required

Highlights

- Constant Force (CF) patented lift-and-pivot motion technology provides smooth adjustment 
- Instantly transform any space into a full media/presentation center
- 20" effortless height adjustment means perfect viewing for seated or standing audiences
- Easily connect and detach display
- 20° screen tilt helps reduce glare
- Tempered glass shelves for AV equipment
- Universal solution mounts 95% of the large displays available today

Roll it from room to room

How tough is it?

- The LX Large Display Cart is rated for 10 years of use
- Tempered glass shelves withstand the impact of a two-inch steel ball dropped from a height of one meter
- The entire cart was designed to accommodate the weight of today's heaviest flat panel display (do not exceed weight capacity noted on reverse side)
- The LX Large Display Cart lift mechanism has been designed with an emergency brake system that automatically locks the display in place—the large display will never come crashing down
- The sleek, rugged base complies with UL Tip Standards 1667 and 1678
