

## Highlights

- Move digital signage and images to where you need them
- Rotate your display to portrait or landscape orientation—no need to reinstall display
- Optional camera shelf accessory converts any space into a videoconference center
- Easily roll cart through standard-size doorways and over thresholds
- Narrow footprint allows presenter to move closer to the display; easily tucks into corners or nests with other carts for space-saving storage
- Constant Force CF technology enables smooth, effortless portrait-to-landscape rotation, tilt and height adjustment. Adjusts with just a touch—no knobs or levers
- Modular cable management channels conceal and organize cables
- Maximize your technology investment by sharing a large display over multiple rooms
- Second-generation design and 47 separate quality tests ensure reliability and optimum performance
- Speedy assembly and installation

# Ergotron®

## Neo-Flex® Mobile MediaCenter

## Stretch your display media investment with lift, tilt, rotation and mobility

Bring digital content to life with Ergotron's sleek Neo-Flex Mobile MediaCenter. With effortless height adjustment and integrated portrait-to-landscape capability, this cart stretches your investment by serving a variety of projection needs in rooms throughout a facility. Built with the same unparalleled features as the award-winning LX Large Display Cart, the Mobile MediaCenter's affordability, simple assembly and effortless operation make it perfect for digital signage, conferencing and other applications.
