Moving you forward

Research and customer feedback show that freedom to move while working leads to better health, greater productivity and a more positive attitude. At Ergotron, our mission has always focused on transforming static workplaces into dynamic environments that allow our customers to thrive. This means moving people forward by improving how they work, learn, play and care for others.

Whether in office, home, healthcare or educational settings, Ergotron is respected for industry-leading, professional-grade products. Our ergonomic movement solutions are designed for the rigors of a commercial audience, engineered for durability and tested to performance excellence. We are proud to hold more than 200 patents for unique product innovations and to have received countless accolades and awards.

Your input remains a crucial component in our product development process— and your loyalty tells us we're continuing to move you in the right direction.

Thank you for your continued trust in the Ergotron brand.

office

The way we work has changed, so companies need to invest in spaces that meet the needs of every generation. Through movement, Ergotron eliminates constraints and transforms sedentary office environments into active spaces that inspire creativity and long-term results.

Sit-Stand Workstations
THE BROADEST PORTFOLIO FOR THE PERFECT FIT

Our products foster a workplace culture of movement, encouraging active workstyles that benefit employers and employees with improved comfort, flexibility and collaboration.

Monitor Mounts
WELL-BEING IS WITHIN AN ARM'S REACH

An active sit-stand workstyle represents just one aspect of a workday that moves. With Ergotron's monitor arms, you can harness even more productivity and feel-good benefits.

WORKFIT DESK CONVERTERS

Every body and every workspace is different. With the widest selection of styles, sizes and accessories, Ergotron's WorkFit family of sit-stand solutions helps employees find their best fit. The ability to easily go from sitting to standing and back again allows employees to choose how they work to reclaim the energy they need to feel and perform at their best.

WORKFIT™

5 YEAR WARRANTY

Tabletop Desk Converters

The new standard: WorkFit-TX

Thoughtfully designed to offer advanced ergonomics out-of-the box, the WorkFit-TX fits more users with an X-shaped lift that folds close to your desk to keep the right monitor-to-keyboard-tray spacing. With a height-adjustable, back-tilt keyboard that sits below the worksurface, this ultra-low sit-stand workstation delivers leading ergonomics when sitting and standing.

Lift	50.8 cm
Weight Capacity	18.2 kg

and more!

CAREFIT™ SLIM
Ultra-lean Documentation Cart

Short, tall or average clinicians can now work comfortably and effectively—no matter what their stature. Help all of your caregivers thrive with an expansive vertical range that easily adjusts to the ergonomic needs of the broadest range of users. The lightweight design makes it easy to move wherever your work takes you around the healthcare facility.

CareFit Slim 2.0 LCD Carts offer a pull-out keyboard and large worksurface to support large all-in-one computers and monitors, with no-drawer and one-drawer models available.

1   Designed for lean IT configurations, including micro PC + LCD or AIO 21–27″ weighing up to 9.1 kg
2   Telescopic lift provides an additional 13 cm of monitor height adjustment
3   Spacious worksurface is 52.5 x 36.3 cm
4   Slide-out keyboard tray and pull-out mouse tray (left or right side) hides under the keyboard tray when not in use
5   Offers easy height adjustability with the pull of a lift handle
6   Includes an accessory shelf for a scanner, printer or wipes
7   Lift engine offers an expansive vertical range of 74–119 cm
8   Easily add a LiFeKinnex power system
9   Compact cast aluminum base with durable finish; includes three-function 10.2 cm casters
CareFit Slim Laptop Carts fit laptops and two-in-one A pull-out cable storage tray keeps cords out of sight, and a slide-out power brick holder offers easy access to power options.

1   CareFit Slim Laptop Security Bracket keeps your laptop from sliding, while helping protect important equipment
2   Integrated storage area and pull-out cable storage tray with quick connect hardware
3   Worksurface is 53.3 x 35.3 cm
4   Triple-stage lift engine offers an expansive vertical range of 61.4–124.7 cm
5   Super-compact cast aluminum base with durable finish; includes three-function 10.2 cm casters
CareFit Slim 2.0 LCD Cart

POWER LIFE-CHANGING CARE

- Safe battery chemistry
- Longer battery cycle life
- Quick charging time
- Easy to connect
- Simple attachment system

Alleviate power anxiety on medical carts with this innovative battery system designed to support multiple workflows, including hot swap or on-cart charging. The three-part system—battery, smart battery dock and optional external four-bay charger—minimises downtime by monitoring battery run-time with a LCD screen and using the unique magnetic connection feature for an easy swapping process.

eKinnex™

CLOUD-BASED FLEET MANAGEMENT FOR MEDICAL CARTS

- Secure, web-based software application that monitors and manages your fleet of CareFit and StyleView carts
- Seamless and centralised fleet management provides comprehensive cart data to significantly reduce or eliminate cart downtime
- Monitoring helps improve battery life expectancy
- Provides real-time insight into usage patterns, drawer access, battery charge/life and more
- Software operates separately from patient records to reduce concerns with HIPPA compliance
- Easy to get, fast to implement

CAREFIT™

Low Profile Wall Enclosure

5 YEAR WARRANTY

Space is in high-demand in healthcare environments. With the CareFit Enclosure, you have more room to provide the best patient care. The wall-mount workstation lets caregivers work comfortably sitting or standing in crowded patient rooms or hallways.

• The low-profile design stays close to the wall and folds when not in use to open up more space

• Lock code with up to 10 digits keeps patient data and technology secure

• Interchangeable laminate options let you customise the look to design stylish, healing spaces for your organisation
