---

  

**WARNING:** Ensure that the wall structure is capable of supporting four times the total weight of mounted equipment. Mounting to wall surfaces that do not meet this criteria may result in an unstable, unsafe condition which could lead to personal injury and/or property damage. Consult a construction professional if you have any doubt about what this means in regard to your particular application.

**NOTE:** Do not mount to wood studs or walls without studs.

6x 

6x   
1/4-20 x 1-1/2"

1 a

**WARNING:**  
Center holes must go into the steel stud.

3 a

Fasteners supplied with Ergotron component ordered separately.

b

**NOTE:** Fasteners may unwind due to vibration caused by movement of mounting solution over time. Inspect mounting solution for loose fasteners on a routine basis. If desired, apply a light duty thread locking adhesive to fasteners before installation to prevent back-out.
